Base de informações médicas, baseada em evidências, revisada por pares, publicada por uma companhia médica chamada UpToDate, Inc. O material é escrito por mais de 4400 médicos, atuando como autores, editores e revisores, abordando mais de 8500 tópicos, em 17 especialidades. Também inclui um banco de dados farmacológicos. Pesquisas mostram que o UpToDate é a ferramenta preferida por médicos e estudantes em diversas situações. Também contém informações aos pacientes.

Nursing@Ovid

Nursing@Ovid is presented in a series of 4 Modules designed to increase your skills and understanding of all the features available. The first module, Getting Started with N@O is geared to those with little or no experience with Nursing@Ovid. My Projects/My Workspace, Advanced and Multifield Search Modes are covered in Module 2. Browsing and/or searching Books@Ovid and Journals@Ovid is demonstrated in Modules 3 and 4. Practice exercises are included to reinforce the skills learned in each module.

webex = live session **P** = powerpoint

Formatos de apresentação.

Nursing@Ovid Training Sessions

Getting Started with Nursing@Ovid (60 min)

This course is geared to those with little or no experience with Nursing@Ovid. The Basic Search Mode will be used exclusively to demonstrate how to search using Natural Language. Included is a brief description of Relevancy ranking, how to use Filters and/or limits to narrow searches. How to manage results using the Print, Email, Export icons is also covered in this course. This course will not include My Projects/My Workspace which is presented in a separate course. *Available in other languages*

webex

P

Intermediate Nursing@Ovid (60 min)

This module builds on the skills presented in the Getting Started with Nursing@Ovid module and includes the Advanced Search Mode. How to use the Mapping to the controlled vocabulary in the Ovid Nursing Thesaurus, keyword searching, Boolean operators, combining searches, author, title and source searching are discussed in detail. Multifile searching and deduplicating is also detailed. In addition, you will learn how to create a project in MyProjects. Practice exercises to reinforce the skills presented are included at the end of each section.

webex

P

Accessing Journals & Full Text on Nursing@Ovid (60 min)

Includes a detailed demonstration of Browsing, Issue List, Table of Contents, Field Searching, Saving a Search, PDF, Graphics, and Jumpstarts.
